| TECHNOLOGY | Keratril™ with Aloe Vera Formaldehyde Free | Keratec® | Keratril™ with Aloe Vera | Keratril™ with Aloe Vera | Keratril™ with Aloe Vera |
| BENEFITS | Formaldehyde Free for all customers that do not want to use formaldehyde products. This product will work on the hair, progressively removing frizz and dullness away, relaxing the hair up to 80% depending on the texture of HAIR. Perfect for maintaining beautiful curls but removing the frizz while leaving the hair soft and shinny. | Suitable for all hair types. Smooths hair leaving it silky and frizz free. This protein treatment is designed to bring hair back to it's natural state. | Indicated for blonde, thin hair, repairs hair that is extensively harmed by chemical processes, bringing back flexibility and elasticity to hair strands. | Indicated for curly hair, makes the hair styling process easier and its rich formula helps to increase the degree of straightening. This amino acid and hydrolyzed keratin, present in the chemical composition of our hair, repairs hair that is extensively harmed by any chemical processing to the hair. | Best used on the most stubborn hair and will achieve the highest results. For maximum Latino Keratin straightening. |

Guava Latino Results may vary according to your natural or current hair colour and hair type. All hair types will react differently according to the condition of your hair, whether you currently take any medication and your diet. Individual results may vary.

IMPORTANT: Some ingredients rarely cause allergic reactions in hypersensitive people. To reduce your risk, follow the provided instructions carefully. Do not use product at all if you already experienced any reaction to other hair care products or if you have sensitive, irritated or damaged scalp. In these cases, consult a doctor before using any hair care product. Perform a skin allergy test 48 hours before each product, even if you have already used keratin products in the past. Avoid contact with eyes. Rinse eyes immediately if product comes into contact with them. Do not use on eyelashes or eyebrows or any other body hair. Keep out of reach of children. This product is not intended to be used on children. Please refer to your training manual for further important health and safety information. Only to be used by trained Guava Latino trained professionals.
